Adventure time bloons guided meditation 3 hours ago

The graphics are cool and stylish and there are a bunch of fun jumping mechanics, like 'double jump' and 'head jump'. Charrua Soccer is UK/European football played at an intense speed. This is a game based on the same idea. This is an easy-to-use version of the classic game with different offline and offline modes, tournament options, and customisable rules. Chess Play and Learn+Three word review: You know, chess? Another board game classic brought to Apple Arcade. You've found it. The key is managing to connect all of the dots without hitting the black holes on your screen. English Nederlands logout Describing Copyright in RDF Creative Commons Rights Expression Language The Creative Commons Rights Expression Language (CC REL) lets you describe copyright licenses in RDF. You bash them with the ball and flippers. The gorgeous graphics and sound create a Tron-like vibe that's both hypnotic and a massive adrenaline buzz. tint. Three word review: Mindful coloringin A relaxing painterly puzzler that may even teach you a little about color theory. Avoid obstacles and progress to the next stage in over 250 levels and other daily challenges. Just give it a try. Monster Hunter Stories+Three word review: Make monster friendsThe critically acclaimed JRPG Monster Hunter Stories has made its way onto Apple Arcade. A ship has been commandeered by supernatural nasties and it's your job to find other survivors, track down food and resources, and keep your safe haven safe. Reigns Three word review: Keep your show the brilliant indie developer Devolver Digital, Reigns is a fun, historical strategy game with events that span centuries. Don't download it for the gameplay. As you get used to the game, you can amp up the difficulty. Super Impossible Road Three word review: Hectic ball balancing Super Impossible Road is a racing game that puts you in control of a glowing ball rather than a car. You get to interact with 12 characters, our group of pre-teen survivors. It's simple, but may be just the light brain stimulation you're after. World of DemonsThree word review: Become the samuraiPlatinum Games is known for major PC and Console action games, like Nier Replicant and the Bayonetta series, and they've brought all their expertise to World of Demons. There are even RPG elements, with a map screen to head between missions and loot-based upgrades. Zookeeper WorldThree word review: Low-key zoo builder Zookeeper World blends match-three puzzles with a chill zoo simulator that is much less restrictive than the free-to-play game version. Every time you create a new element, you'll be rewarded with the wit and wisdom of the greatest philosophers and comedians in history. Doomsday VaultThree word review: Breezy, brief puzzlerA short isometric puzzler in which you play as a cut bulbous robot. You can play on your own or with up to 8 friends in multiplayer mode to battle it out in real-time and be in with a chance of bagging the virtual cup. Survival ZThree word review: Tense zombie blaster One of the newer additions to the Apple Arcade library, Survival Z is a zombie game that requires you to find any fellow survivors and work out how to kill the zombies threatening all of your lives. Every level is intricately detailed with stunning visuals and lush environments. You pick up cards that represent items. With more than 2000 boards available to play, you'll never get bored assuming you're a fan of Mahjong. Manifold GardenThree word review: Trippy gravity puzzles A first-person puzzler in which you play with gravity to make progress and, quite possibly, scramble your brain in the process. That's because the laws of physics are different in this Escheresque world and falling down leads you right back to the beginning again. Marble It Up: Mayhem!Three word review: Marble Madness reborn Control a marble and guide it through mazes of ever-increasing complexity. By building copious amounts of stuff, of course. If you want to play pinball on the go, this is a great option.Zombie Rollerz: Pinball HeroesThree word review: Pinball castle defense This is a fun mix of pinball and castle defense. Detonation Racing might be the most dangerous racing game you've ever played. Not too long. There are 8 different arenas to play in, like Castle and Jurassic world and you can play with friends, too.LEGO Builder's Journey(Image credit: apple arcade)Three word review: LEGO gets deep What's this? May remind some of you of Firewatch. Oceanhorn 2 (Editor's Pick)(Image credit: Cornfox & Brothers Ltd)Three word review: Apple Arcade's Zelda Oceanhorn 2 is about as close as you can get right now to Zelda: Breath of the Wild on your iPad. Build bridges across rivers and valleys with the aim of beating the stress tests of cars, lorries and other heavy things using them. Butter Royale Three word review: Twin-stick MOBAA battle arena shooter without the violence, Butter Royale pits up to 32 players against each other in a large arena where they've got to take part in the ultimate food fight – think firing sauce, throwing bread, knocking people out with pie. It's an unrelenting dogfight but there are ways to customize it for little ones or if the explosions get a bit too intense. Fallen KnightThree word review: Mega Man wannabePlay as a futuristic descendent of Lancelot the 50th to be precise - facing off against your enemies. Looking for games for the kids? You need to help two turtles stranded on an island find one another. The idea is a futuristic descendent of Lancelot the 50th to be precise - facing off against your enemies. you're making a trip from Missouri to Oregon in the late 1800s and learning all about the nature, trail and people you meet along the way. Letters rise from the bottom of the screen, and you'll need to find the words as they appear. There are difficult obstacles to overcome and evil magic in the island that transforms creatures into monsters. You might expect a turn-based experience, like that of Hitman Go or Lara Croft Go, but this one takes place in real-time. It looks really unique with a moody vibe reminiscent of old crime shows. Outlanders (Editor's Pick) (Image credit: Pomelo Games) Three word review: Build 'em up Build a town and watch it run through the days and weeks. In just a few words, we'll tell you what you can expect and offer some micro-reviews based on our own playing sessions. Keep checking back as we'll be adding new games when they're released. (Image credit: lightning rod games/apple arcade) Three word review: Love obsessed puzzlerIt might look like a platformer, but A Fold Apart is a candy-colored puzzle game oozing with sweetness. You'll need to break into an underground lair, explore a pyramid and solve puzzles. It's part resource management, part tower defence with lots of first-person mechanics, too.Don't Starve: Pocket Edition+Three word review: Please don't starveThe award-winning dark survival game enjoyed by more than 20 million players across various platforms is available on Apple Arcade. The Survival game, in which you gather provisions and craft stuff to cobble together the makings of a miniature civilization. Things That Go BumpThree word review: Exorcist goes inanimate A rather strange game in which you gather provisions and craft stuff to cobble together the makings of a miniature civilization. your "character" in an all-on-all fighting game set in a suburban house. Threes!+Three word review: Simple sticky sumsSlide numbers that are multiples of three. It has a distinctive visual style that might remind you of classic arcade sports games. These are turn-based, and your job is to survive rather than smash those aliens into dust. So although we think it's great for older, nostalgic games, it's also more accessible than some of the "grown-up" alternatives in this genre for the little ones. Castlevania: Grimoire of SoulsThree word review: Castlevania: Grimoire of SoulsThree word review: Castlevania goes mobileAn all-new game in the long-running action-horror series. There's something very cool about driving gravity-defying Ferrari and Ducatis around impossible race tracks. Assemble with CareThree word review: Broken gadget simulatorThis gentle and satisfying puzzler from ustwo, the team of geniuses behind Monument Valley, requires you to take apart and repair gadgets, like watches and cameras. This one claims to offer meditative gameplay, at least in its "Calm" mode. Still, it's beautiful and has the great sound design you'd expect from a developer with The Chinese Room's reputation. Loud House: Outta Control Probably isn't the sort of game you'd expect from a developer with The Chinese Room's reputation. island levels, each packed with codes to crack, puzzles to solve and magic orbs to collect. You'll see the return of favorite characters, like Alucard and Simon Belmont, who must battle through 60 side-scrolling levels with a wide range of equipment to unlock. You can become a general manager or head coach in MyCareer mode and you can manager the NBA roster, make trades and scout for new players.NBA 2K22. There are daily challenges, multiple game modes and hundreds of mini-modes to complete. Frogger in Toy Town(Image credit: apple arcade)Three word review: Original Apple showcaseFrogger in Toy Town was one of the main showcase games when Apple first unveiled Arcade. Dive into MyCareer mode and tournaments. NecrobaristaThree word review: Deathly visual novel that's heavy on the themes of death and necromancy. Ideal for those who like simple music challenges, you have to tap the drum in sync with the notes. The aim of the game is to find your way back home without starving. Doodle God Universe. Compete against other players online, choose the right ingredients and make sure you cook your dishes properly using the touch controls. There's also a co-op mode in this version that lets you play with up to four other people.Cut the Rope RemasteredThree word review: Deliver the candyThe award-winning and ever-popular puzzle game Cut theorem and the controls. Rope is back with a beautiful 3D remaster. A new level is added each day to keep the game fresh. Super Mega Mini PartyThree word review: Fun with friends A mini-game collection with bright, colorful 3D graphics. This mostly boils down to farming for food. It's intense, intricate and nice to look at. Exit the GungeonThree word review: Pain and gainThe sequel to Enter the Gungeon, Exit the Gungeon is a hardcore single-screen quasi-platformer with 16-bit style graphics and a major focus on gunplay. The URL of the legal text of a License. Go in with an open mind, but you can always look online if you end up with no idea as to what you're meant to do. The Pinball WizardThree word review: Pinball dungeon crawler What a mash-up. Oceanhorn 2 is a beautiful open-world title that won't suck as much of your time as the average console game of this genre. Oceanhorn 2, but Chronos Dungeon takes a more old-school approach. meets Capture the Flag, LEGO Brawls is a chaotic fighting game. But don't let the beauty fool you, as traps and puzzles are scattered throughout the levels. Lifelike: Chapter OneThree word review: Art meets gamingFrom the award-winning creators behind Blek and FROST, this is a hypnotic and beautiful Apple Arcade title in which you control a little blob of light. It's the opposite. You can learn special moves and level up and customise your characters when you win. Nightmare FarmThree word review: Tim Burton's farm In this dark and dreamy world you play a heartbroken girl who maintains a farm, grows stuff and gives characters food and toys. You must jump and land on the correctly-colored platform to match your player. All of YouThree word review: Avian puzzle adventureHelp a chicken find its lost chicks in this cute and family-friendly puzzle game. This game is best experienced with headphones on in order to also hear the atmospheric soundscape of each world you visit. Moonshot: A Journey HomeThree word review: Space-faring slingshotsIn this physics-based puzzle game you play a little moon called Moon Pi and have to slingshot your way across the universe to get home. Instead, the premise is you're a castaway on a random planet and must create a character (as you'd expect from a LEGO game, this is really fun), find other characters, go on quests, challenge people and more. Your aim is to restore color to a world turned monochrome. Choose your favourite NBA teams and then take on competitors or other players in an online match. The aim is to build robots that fight in matches against others. The game ends if you can't keep the trains moving. Mini MotorwaysThree word review: Mini Metro Redux Played Mini Metro? But you'll need to manage your inventory, take care of your wagon, see to the health and morale of the people you're travelling with, and much more - some events are procedurally selected, so each play feels fresh. Three word review: Fantasy board game A turn-based strategy game in which you battle creatures from another dimension and juggle action points to make sure you're not caught short. When you begin, you're given random chess pieces to play. Nightmare Farm is the kind of game that might be riddled with micro transactions if it wasn't on Apple Arcade. No Way Home (Editor's Pick)(Image credit: SMG Studio)Three word review: Space Miner II No Way Home reminds us of one of the greatest mobile games most people haven't played: Space Miner. You can see some of this in screenshots, with all that sepia charm and fog. As you progress, you'll find more powerful cards to use in each level. This hack and slash adventure brings their flashy action to iOS devices as you take on the role of a samurai on a quest against evil.World's End ClubThree word review: Underwater battle royale With a plot similar to classic movie Battle Royale, it's no great surprise this game is mostly about the plot. Explore an otherworldly mansion and be prepared for some mild brain-teasing. Surprisingly addictive and perfect for touchscreen play, there's a reason it's perhaps the bestknown mobile gaming hit of all time. Asphalt 8: Airborne+Three word review: Real fast carsThis is a fast-paced and beautifully-modelled driving game, a glitzy arcade racer that includes cars and bikes alike. Except where otherwise noted, content on this site is licensed under a Creative Commons Attribution 4.0 International license Loading... Once you've cooked your dish, MasterChef judges will assess it based on your performance and speed. Exciting, if perhaps a little too challenging for some, as the controls battle with the later levels' designs. Marble KnightsThree word review: Fantasy roller disco What do you get if you compared a sword-fighting fantasy game with a fast-paced marble throwing game? Or at least using the physics to make a cheeky shortcut. Super Leap Day (Image credit: apple arcade) Three word review: Fun retro platformerA sequel to the original Leap Day, Super Leap Day is a colorful and fun game with a retro vibe. The visuals are brilliant, think being stuck inside a giant pink marshmallow, and it isn't just about running, there are all kinds of other things to do like jump down slides, battle rapper bosses and more. Possessions. Three word review: It's about perspective This quick and clever puzzler plays with 3D space. Of course, it's much more likely to appeal to a slightly younger audience, those fans of the TV series this game is based around. Sayonara Wild Hearts (Editor's Pick)(Image credit: Annapurna Interactive)Three word review: Rhythm gone wild This hypnotic, entrancing rhythm game is a must-play, even if you think you'll end up bouncing right off its play style. Embark on a new adventure as a Hunter fighting powerful beasts and monsters, all to defeat the threat of the Black Blight. Fill it up by picking up items or killing enemies. Kingdom Rush Frontiers TD+Three word review: Endless enemiesKingdom Rush Frontiers TD is taking tower defense games to a whole new level. A deep and meaningful LEGO game? It sounds basic, and at the start it is, but you'll need to position the logs carefully to get them in the right place, especially when the islands start getting more crowded. Angry Birds Reloaded(Image credit: rovio/apple arcade)Three word review: Birds bomb pigsIf you've had a smartphone at any point in the last ten years, you know the drill. Secret Oops! isn't a bad place to start. It looks great. A related resource which defines non-binding use guidelines for the work. And through those conversations you find out more and most of your friend. It's a platformer, of sorts, but you send most of your time in the air. She's accompanied by legendary heroes from different cultures and must control light and learn how to manipulate it along the way. The game allows you to live out your dreams as a medieval monarch as you handle a gauntlet of requests from advisors, peasants, enemies and allies. This visually-stunning game tasks you with chaining together tricks across dunes, canyons and temples, whether that's sliding down vines, bouncing on hot air balloons or gliding along in your very own wingsuit. A Monster's ExpeditionThree word review: Log-flipping puzzler In this simple puzzle you must make your way from island to island by cutting down trees and flipping over logs, which you can use as bridges to get over the water. Then try to open up another chest with the same number inside to clear the pair. This one may not be for everyone, but it weaves a particular spell that may draw you into its enigmatic world. The Enchanted WorldThree word review: Slide, slide, slide, slide, slide, slide a slider puzzler with a pretty layer of fantasy gloss on top, giving you another reason to keep playing. The Get Out KidsThree word review: One for readers This is a visual game with chapters that are interspersed with a range of logic puzzles. If this sounds achingly simple, wait until you're a few minutes in, Threes!+ is oddly addictive, and the more you slide the tiles around, the more you can't stop thinking in terms of three. A License may be deprecated on. You rack up money for each ghost exorcised. This is no ordinary puzzle game. But instead of watching the action happen, you issue commands and then come back to the game every now and then to see how it all turned out. Zombies attack your stronghold. With a cute art style that looks like it's been lifted from the Nintendo DS era, you'll be playing for hours as you work to clear its over 200 levels. Still not convinced Apple Arcade is worth the investment? Its aural soundscapes are much more like those of the navel-gazing games critics tend to love. Each level's "line" is actually the outline of a 3D model that can be turned around to let the ball, our protagonist, reach new areas. Spelldrifter(Image credit: apple arcade)Three word review: Strategy card game A turn-based battle game with a card deck mechanic thrown in. It's presented like a classic board game, which is nice. The PathlessThree word review: Where am I? An open-world game from the creators of Abzu, a highly directed and kinda magical experience. And each tower run is procedurally generated, so it's different every time. It's easy-to-play but a little different because it has a unique game mechanic that requires you to swap circles around the screen that highlight obstacles and dangers you have to avoid in each level. (Image credit: apple arcade, altos adventure) Alto's Adventure that highlight obstacles and dangers you have to avoid in each level. is different because instead of journeying through sand, Alto's Adventure is all about snowboarding. By completing the puzzles, you'll earn stars to unlock the next phase of the story and win coins to purchase helpful game boosts that'll assist you in completing challenging levels. Skate City(Image credit: apple arcade) Three word review: Become Tony HawkControl your skateboard on this touch-interactive game. You can't touch the floor because, this time, it is literally lava. It's a light and cute game that's easy to pick up and play whenever. Wonderbox: The Adventure Maker (Editor's Pick) (Image credit: Apple Arcade) Three word review: Captain Toad makerIf you've enjoyed the diorama based gameplay of Captain Toad but hungered to make your own levels, that's what you get with Wonderbox: The Adventure Maker. It's a fairly familiar simplified platformer, but it nails its graphics and sound. This game is serene and rewarding, and because it's on Apple Arcade there are no micro transactions involved here. The gameplay is based around light puzzling, with either tap-to-navigate controls or a virtual joystick. When you're done dodging guided missiles, upgrade your jetpack with a variety of ridiculous outfits. Three word review: Quickfire by designJumper Jon is an exploration-based side-scroller where time is always an issue. That sounds fun, right? A License prohibits a Prohibition. Gameplay seems basic, but the Japanese voice acting sounds neat. WurdwebThree word review: Infinite word puzzles This game is like Scrabble, but instead of letters, you're given whole words, and your goal is to place a certain number of them on the board without running out of words or space. Even if you've never heard of Beneath a Steel Sky before, if you like a sci-fi adventure you should give it a go as you'll love the game's cyberpunk aesthetic. Beyond BlueThree word review: Chilled scuba divingThis great-looking game is a fantastic showcase for the graphical power of iOS devices. Check out our comprehensive review for our verdict on the premium gaming service. Levels include a battle between bone-wielding cavemen, jousting knights and exploding samurai. A License may have a jurisdiction, as defined by Jurisdictions. The 3D environments look nice and there's a cool soundtrack, too. A copy is also embedded in this document. That's right. You can play as different characters to test their special powers, like floating with an inflatable head or sticking to walls. This is a stylish and highly distinctive horror action game that has some of the same dark DNA as other popular titles, like Dark Souls or Bloodborne. Work your way through nine chapters, fighting monsters in swamps, forests, castles and dungeons to lift the curse of the Bleak Sword.Blek+Three word review: Join the dotsAn innovative puzzler, the aim of Blek+ is to draw flowing lines to connect colored circles on your phone. Who'd have thought it? Hmm. Ultimate Rivals: The RinkThree word review: Super-speed ice hockey, played 3-on-3. Routes are randomly generate and you must battle your way through lots of different environments. that are crawling with zombies. Taiko no Tatsujin Pop Tap BeatThree word review: Beat the drumTaiko no Tatsujin is a traditional Japanese drumming rhythm game that's been redesigned for Apple Arcade. Earn new characters and unlock secret challenge modes by getting a perfect score. SpidersaursThree word review: Thrills from 1995 If it's still the mid-90s in your heart, you might like Spidersaurs. It's an epic adventure shrunk down to iPhone-friendly proportions. Cardpocalypse adds a great story onto the gameplay of a one-on-one card battler. But Stela stands out, because it's dripping in atmosphere. Now, it returns with a new space theme on Apple Arcade. The premise is simple: dragons that are snaking through the clouds. Defend your lands against over 40 enemies using various attack abilities, like pestilence clouds and death riders. You'll need to play to experience its wonderful music, which adds a sense of dread to its monster encounters. There are a range of levels and most are family-friendly for little ones. Mahjong Titan+Three word review: Keep on matchingA simple Mahjong game, which means you need to match the tiles to win. This app is certainly more than just drawing and colouring. On your RPG adventure, you can play as eight different characters from the series, including Steven, Garnet and Lapis Lazuli as you face off against two mysterious new Prism-wielding Gems. This one should appeal to all the SpongeBob fans out there. Yep, it turns into a synth-heavy rhythm game when you get into fights. Backgammon+Three word review: It's just backgammon, you're in for a treat. The URL the creator of a Work would like used when attributing re-use. Beyond a Steel Sky. You have no memory of your past, so you'll have to talk to five different strangers and solve environmental puzzles to decode your history, all while hitchhiking across a beautiful landscape. Hogwash Three word review: Turtle vs Sonic An accessible platformer suitable for all ages. The basic action is fun enough, but the story and mechanic of gathering swag for upgrades elevates it to another level. Especially because procedurally generated graphics mean each time you visit Tiny Wings+ land, you'll see a different, colorful world unfold around you. Towaga: Among ShadowsThree word review: Blast 'em up A shooter that vacillates between a single-stick and dual-stick style between levels. This one's a bit more linear than the explorative nature of other entries in the series, more like the earlier, pre-Symphony era titles. Cat Quest II (Editor's Pick)(Image credit: The Gentlebros)Three word review: Feline action adventureYou could easily pile 10+ hours into this friendly adventure. Dash and weave past a flurry of bullets to beat the various bosses in the world of resurrection, but you'll need practice. Like almost every mini-game library, Super Mega Mini Party is much better played with friends. 2D golf puzzle game features a range of different crazy courses where you can discover power-ups, collectible cards and wild game modes. Highly recommended for fans of games like Inside and Braid. Jenny LeClue - DetectivuThree word review: Positive role model A charming 8-10 hour adventure with a story-led approach and a liberal smattering of puzzles that won't leave you scratching your head for too long. It all sounds a bit bizarre, but makes sense in context. Then put all of your skills to the test in challenge mode. Slash Quest! Three word review: Gigantic sword silliness This one is slightly hilarious. We've enjoyed chilled glider games like this since the early days of the App Store. Thick outlines provide a specific cartoonish style, which works well with the space adventure story. You use the familiar colour-matching mechanic to zap blocks, firing balls into the brickwork. The main being you're not crossing roads here, but working your way higher and higher up towers of a castle. It's not an adventure or a light role-player. This means you can cram the action of a 90-minute match into a time slot that suits a quick bus ride. The story, told in claymation interludes, is the main draw here. A compelling but ultimately relaxing experience with some nice neon visuals. NeversongThree word review: Atmospheric platformer Neversong is an action-puzzle platformer with a haunting vibe. We can see why. Swipe to slice a knife through crops and fields, which burst into blocks, and then use the resources to plant new stuff. You can also decorate different areas of your farm and meet lots of different in-game characters and cute animalsFledgling HeroesThree word review: Bird-based runnerRemember Flappy Bird? That is the Explottens way. It's made by Capybara Games, which produced classics like Superbrothers: Sword & Sworcery and Might and Magic: Clash of Heroes. That's what Crozy Grove is. This is pinball, in which your ball becomes the weapon to take out rooms of fantasy-themed nasties. It's a little like X-Com, but the simplified game dynamics make each level something of a puzzle to solve. Speed DemonsThree word review: Speed racer A top-down racing game focused on giving you a sense of speed and traffic-based peril. Spek. Loading... A recently-added home run hitting contest is fun and you can take part in real-time showdowns with other players.Battlesky Brigade: HarpoonerThree word review: Cute vertical shooterThis game might look like a simple vertical shooter, but there's a twist. You'll need to spend a little time to master the controls but a wireless gamepad helps. HyperBrawl: TournamentThree word review: Slap-happy sportTake ice hockey, remove the ice, add even more violence and you have HyperBrawl: Tournament. Attract more than 40 different varieties of cats - plus some rare ones - with food and toys, then log them in your catbook. Neo Cab(Image credit: apple arcade) Three word review: Cyberpunk cabbie detective A novel concept: you're a taxi driver chatting to your passengers. Fallen Knight would be a good title to test a wireless gamepad. FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game creator, Hironobu Sakaguchi, has created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game created a new and beautiful RPG: FantasianThree word review: A classic JRPGThe legendary Final Fantasy game created a new and beautiful RPG: Fantasy game created a new and beautiful RPG. Fantasy game created a new and beautiful RPG: Fantasy as you try to escape through a series of levels and dangerous elevators. The visuals and music are quite something to behold. Towers of Everland is a grid-based dungeon crawler, the kind popular in the early 90s and made popular more recently by titles like Legend of Grimrock. There are endless variations to how gameplay will unfold, so play again and the action will still feel fresh. Transformers: Tactical ArenaThree word review: Robots in di-cardsTake part in real-time strategy battles against players worldwide using teams of your favorite characters from the Transformers series. You'll be exploring the island while taking part in various activities, like crafting, fishing and decorating to help befriend the ghostly folk of Cozy Grove.CrashlandsThree word review: Expansive crafting RPGA fun and colorful RPG in which you take on the role of Flux Dabes, a space trucker stuck on an alien planet. The main meat of the game is played in side-scrolling platformer style. Jetpack Joyride+Three word review: High-flying MayhemThe global hit game is played in side-scrolling platformer style. Jetpack Joyride has made its way to Apple Arcade. These are used to solve puzzles throughout your travels. It's a quickie, with an average length of just over an hour according to howlongtobeat.com, but you might find yourself stumped by some of its puzzles. Disney Melee Mania(Image credit: apple arcade)Three word review: Fun, frenzied favoritesThis fast fighting game allows you to play as your favorite Disney and Pixar characters, like Wreck-It Ralph, Elsa, Moana, Mickey Mouse and Buzz Lightyear. Enter a virtual arena and battle it out with obstacles to dodge, different game modes to choose from and one-off events to bag yourself points and prizes, too. DoDonPachi Resurrection HD+Three word review: Dodge the bulletsFight your way through the bullet-filled hellscape of DoDonPachi Resurrection HD+. You play as either the farmer, who has to clean up the farm, or as one of the muddy pigs, spreading muck far and wide. This one might even nudge a couple of you to read some of the classics afterwards. DecoherenceThree word review: Genre mash-upNot content with one genre, Decoherence dabbles in a bunch. There are some lovely-looking landscapes and creepy creatures along your journey. Legends of Kingdom RushThree word review: Defend your kingdomJourney through a medieval fantasy world in this turn-based RPG with rogue-like elements. It's a platform game, so you need to run, jump, blast through blocks, avoid traps, and collect prizes along the way. Discover clues, deduce the truth and solve multiple puzzles as you're whisked around London's famous landmarks. This action platformer has visuals and sound inspired by 90s cartoons and the games we used to play on Genesis and SNES. Spire BlastThree word review: Destruction trumps creation Spire Blast looks like a tower building game. The objective is you must fold parts of the screen, like pages of a pulpy romance novel, to reunite a pair of lovebirds who have been forced apart by a long distance relationship. Agent InterceptThree word review: Action heavy racerTake every car chase and driving scene from action movies over the last 50 years, leave them to simmer on the hob until you have a dense, tangy paste, then compress it all into a stock cube and you have Agent Intercept — it's a fast, action-packed vehicular romp. Alba: A Wildlife Adventure (Editor's Pick)(Image credit: ustwo)Three word review: Miniature environmental ZeldaDon't miss this beautiful, relaxing adventure. As you'd expect from a LEGO game, you get to create your own minifig and build power-ups from your bricks. It comes with 70,000 sudoku puzzles, three daily puzzle modes and six levels of difficulty. And who doesn't love SpongeBob?SpyderThree word review: Pretty robot-spy adventure Crawl around detailed 3D environments as a spider-like spy robot, alongside plenty of cartoony characters. Play as your favourite basketball team in a quick match or join your friends online for a head-to-head game. The significance here is that the story is informed by the humdrum lives of its characters as much as the grander events that take place in the plot. Definitely one for fans of the side-scroller genre. Star Trek: Legends is that the Nexus - that big energy ribbon that deems time and space meaningless - has brought together all of your most beloved characters in a new ship designed to enter it. It's no wonder Red Reign's simplified real-time strategy has a more than hint of tower defense flavor. But at only £4.99 a month (after a free trial month), it's a great deal if you want to try all kinds of games outside of those available on expensive consoles. We particularly recommend Apple Arcade if you're keen to find the best games that can be played in a range scenarios - like on a big TV at home or on your iPhone while you're commuting - and own a number of Apple devices already. With more than 240 titles now available (and new ones added every week) it can be tricky to figure out which games to try. Fledgling Heroes is a more built-up take on that style of aerial gameplay. Ignore whether that makes sense and revel in the chance to discover new worlds and recruit from more than 40 characters spanning most of the major franchises, like The Next Generation, Voyager and Picard. StelaThree word review: 2D cinema club We're not short of platform games on Apple Arcade. lumen. These levels represent a floor of the dungeon. Dear Reader (Editor's Pick)(Image credit: Local No.12, LLC)Three word games for iOS, but Dear Reader uses actual text from works of literature that have slipped out of copyright, including classics from Jane Austen, Voltaire and Jules Verne. Strategy is keysing to the dungeon. to combat. Marble It Up: Mayhem! uses a camera that sticks close to your ball for a real sense of speed. It's quick and fun with simple controls and retro art. Checkers, you know the rules! Jump the other player's pieces to win the game. It's a future-tinged 2-on-2 sports ball game with ultrashort rounds to keep the action snappy. Inks.+Three word review: Pinball but artsyThe award-winning Inks has put its own twist on the classic pinball game with a beautiful and unique art style. Set in the 90s, it has cute graphics and a kid-friendly theme too. Make your way through the maze-like levels, moving left or right at each turn. (Image credit: apple arcade / hidden folks)Three word review: Cutesy Where's WallyThink Where's WallyThink Where's WallyThink Where's Wally. but in a sketchbook with more fun and more cuteness. Scale the mountain to rescue your lost chicks while avoiding enemies. The action is split into ambush events, when you bump into aliens along your travels. Ideal for anyone who wants a story alongside their gameplay and doesn't mind doing a bit of reading. You can also use characters abilities, like Darth Vader's force slam or toss enemies away using Luke Skywalker's force push to disable them. LEGO Star Wars CastawaysThree word review: Star Wars refreshedThis isn't a standard galaxy far, far away battle game. Navigate through a flooded citype word review: Star Wars refreshedThis isn't a standard galaxy far, far away battle game. Navigate through a flooded citype word review: Star Wars refreshedThis isn't a standard galaxy far, far away battle game. Navigate through a flooded citype word e to find seeds that you can take to a vault. It's one to try if you want something other than Mario Kart Tour, although that game's dynamics are mostly better than this one's. South of the Circle is a cinematic narrative-led adventure with animations that look almost rotoscoped. Slice as much fruit as you can to score points, but make sure to avoid chopping up those bombs. Each attempt will be ranked, and you fill the Soul Gauge the better you do. Just about. RoundguardThree word review: Peggle dungeons Ever played Peggle? Others are more likely to appreciate the less strait-laced approach to the sport. Solitaire by MobilityWare +Three word review: Simply just solitaireThis is simple solitaire, with daily challenges, customization options, personal leaderboards and statistics. Solitaire? It's nothing more than solitaire, but now with an exciting and difficult storyline, global challenges and customization options. SongPop PartyThree word review: Guess the songSongPop Party is a fun, music-based trivia game. Copyleft derivative works must be licensed under specified terms, with at least the same conditions as the original work; combinations with the work may be licensed under different terms Commercial Use exercising rights for commercial purposes High Income Nation Use use in a non-developing country A License permits a Permission. It's relaxing, and even potentially educational for the little ones, too.Big Time SportsThree word review: Mini games ahoy!An extremely minimal game with extremely simple controls, Big Time Sports is a collection of reaction-based games with a sports theme. Take pictures of the local fauna, and the whole thing can be done and dusted in a few hours, so there's no open world bloat. It has some of the same appeal as today's online first-person shooters, but it's viewed from top-down. Card of Darkness (Editor's Pick)(Image credit: Zach Gage)Three word review: Card-y dungeon crawlerYou might be able to tell from the overall vibe of this game, but Adventure Time creator Pendleton Ward had a hand in Card of Darkness. It supports controllers, too, if you find the touch controls imprecise or fiddly. Nuts - A Surveillance MysteryThree word review: Damn those squirrelsA highly stylised game with overtly singular mechanics. You unlock musical notes and elements in the swipe-controlled action levels, and can then compose tunes in the baked-in synthesiser to try to get them up the charts. Don't worry. This isn't a racing game, it's more about building your car collection, customising your vehicles and enhancing your cars.Good Sudoku+. Build LEGO towers on the battlefield to defend your base against attacking enemies or capture enemy territories. The game features a massive range of tables - with a healthy mix of Zen's own creations, tables based on popular franchises and even classic Williams pinball tables. It's simple but perfect for keeping your brain active on a lazy afternoon - and thanks to its intelligent algorithm, it boasts you'll never run out of puzzles to solve. Yaga The Roleplaying FolktaleThree word review: Unusual folksy RPG A role-playing game set in a world of Slavic folk tales. Of course, you'll have a better time with this 10-12 hour adventure if you don't go in comparing it like-for-like with one of the most celebrated games of the last decade. Alba's out to save the wildlife on the island where her grandparents live. Although we think the standard of every game in the Apple Arcade library is high, there are bound to be some that appeal to you more than others. That's why we've done the heavy lifting and taken a quick look at every single game available on Apple Arcade in our guide below. You'll never get bored with more than 400 career events, 1500 mystery challenges, six game modes, countless ways to upgrade your vehicles and multiplayer mode to challenge your friends. Befriend monster companions and build a bond with them, then they'll fight beside you in battle and in the multiplayer mode against other online players. Monument Valley+(Image credit: apple arcade)Three word review: Beautiful art pieceManipulate the beautiful architecture of the environment around you as you guide a princess through optical illusions and hidden paths to outsmart the crow people of Monument Valley. Thankfully, you can test your skills in practice mode to stop you from dying all the time. Jordo Peak borrows gameplay mechanics from a few classic arcade games, like Qbert. The colorful, fast-paced chaos ensues. Patterned Three word review: Mindful jigsaw puzzles Patterned is a jigsaw puzzle game. The aim is to complete each level and collect a gold cup at the end. Much more than just a silly gag, What the Golf? Yes, you're a cat, but there's solid hack and slash mechanics bolstered by characterupgrading RPG systems underneath, to appeal to the non-cat people. The choices you make influence the story, which is filled with lots of adventure and a whole cast of characters.PAC-MAN Party Royale thanks to shinier graphics and power-ups. This keeps the pace up, making you tear through its lovingly-drawn vistas at speed. Really Bad Chess+Three-word review: No rules chessIt's chess, but really bad chess, but really bad chess, but really bad chess. Apple TV and Mac. If you haven't heard of it before, don't worry It's a fun fantasy game with a modern tech twist. Hexaflip: The Action PuzzlerThree word review: Six-sided puzzles. But it is a little smarter than that. Become a leader of a party of heroes and stop enemies in their tracks with a combat system that's easy to learn, but hard to master. RDF users might be interested in our machine-readable RDF Schema. You have to keep your band of survivors alive as you trek across the US. We know which side we'd choose. Hot Lava(Image credit: apple arcade)Three word review: Game show parkourWatched Floor is Lava on Netflix? What we're saying is, it's cute AF. This game has the most extensive collection of puzzles in any Layton series title and a new cast of characters to meet. Legend of the Skyfish 2 reminds us of the earlier Zelda games. You have to move the camera so they appear to be in the "right' place. The game was originally criticised for being buggy, but it's smoother now and worth a play if you are a fan of story-driven adventures with nice visuals. Nickelodeon characters, like SpongeBob, Arnold, Garfield, Rocko, Angelica and loads more, as they compete in tennis tournaments. Kids can solve puzzles, practice spelling and even try coding. Creaks that instantly draws us in. It's a simple concept but there are some surprisingly deep possibilities for puzzle solving. Bridge Constructor+Three word review: Build big bridgesIf you like building games, this one requires strategy and lots of quick thinking. One tap pushes you forward and up, which is why this game is mesmerising and oddly soothing. Parkour your way over platforms to complete levels. And why are people behaving like zombies? That's because it has a strong narrative element that leans on Nordic myth, interactive gameplay, puzzles, combat and sound. has a bunch of unique mechanics that require you to solve levels using lights, a set of lenses and mirrors. For those not as ancient as us, that was an early PlayStation game. Layton's Mystery Journey+Three word review: Solve a mysteryThe aim of the game in Layton's Mystery Journey is to find your missing father. There are 20 decks to explore and 13 different survivors that you can play as. EarthNight(Image credit: apple arcade/apple app store) Three word review: Artistic aerial platformingThis is a beautiful game that's part painting come to life and part retro game. is hugely inventive, throwing away all the conventions of a golf game. You can play on your own or challenge your friends. What the Golf? You don't see too many of those on iOS. Rayman Mini(Image credit: apple arcade)Three word review: Auto-run Raymond Like several of the more recent Rayman games, Rayman Mini is an auto-run platformer. Instead, you're a shiny space beetle hurtling along neon race tracks before facing big boss battles. He must go on a mission to find out what's happened in this dream-like fable that's lovely to look at - even though it's a little eerie at times.Next Stop NowhereThree word review: Mobile space opera Next Stop Next console. How do you survive? The name the creator of a Work would like used when attributing re-use. Bursts of color paint the canvas of the pinball machine, which records a visual history of your game as you perfect your score. Its pick up and play design means you can easily catch up where you left off, but it's one you'll want to stay up all night to finish - while hiding under the duvet, of course. The SurvivalistsThree word review: Retro Don't Starve You guessed it. This one looks cute, but be prepared to get your head around some reasonably deep systems as you progress. It's definitely a strategy game rather than a fighting game. Kings of the CastleThree word review: Jumping Flash 2021Explore islands and pick up enough gems to free the prince, who has been locked in the castle. His brother Hiroshi ends up in hospital and Takeshi decides to make him games to cheer him up. It's an air traffic control game like iOS classic Flight Control, but you direct family members rather than planes. lumen. Three word review: Illuminating chilled puzzlerDiscover a box from the 1800s created by a famous inventor. Experiment with how Lifelike's swarms of particles (or creatures) react to solve its levels. It adds atmosphere, and a sense of world-building you don't always get in a puzzler like this. We can be a famous inventor. Experiment with how Lifelike's swarms of particles (or creatures) react to solve its levels. It adds atmosphere, and a sense of world-building you don't always get in a puzzler like this. get strong Jumping Flash vibes from Kings of the Castle. What are the screams coming from Neverwood? LEGO Builder's Journey is a great way to relax after a session with LEGO Brawls. Not the most exciting racer ever designed in terms of feel, but not bad. Warped Kart Racers (coming soon)Three word review: Silly character go-kartsThis is a kartracing game that lets you play as some of your favourite animated characters from shows like American Dad!, Family Guy, King of the Hill and Solar Opposites!. But the problem is the locals aren't fans of your redecoration and will start forming a mob to take you out. inventory to use and a whole world to explore with some compelling storytelling and character progression that makes it hard to put down. Crayola Create and Play+ is filled with different activities for children to develop their self-expression and artistic independence. Is this one as good? For example, how about using four queens in a game, why not? Roundguard takes this Pachinko concept and healing potions. There are no cars or cute go-karts here. If you love number games and the unique challenge of Sudoku, there's plenty of content here to keep you entertained for ages. Grindstone (Editor's Pick) (Image credit: Capybara Games Inc) Three word review: (Non) Bloody brilliant funWant a truly unmissable Apple Arcade game? This one is hard to explain. Think of it as a Hitchcockian World War Two spy thriller, but with cheerful and colorful visuals that look like vintage postcards. This one gets middling reviews, but certainly has visual charm. Don't Bug Me! Three word review: Martian tower defenseOne of the early Apple Arcade releases, Don't Bug Me! is an odd little game set on Mars with some incongruous shooter sections. You play the role of Commander Abigail Blackwell who has to fend off Martian attacks. The reality: gameplay involves swiping left or right on decision cards. This is a top-down dungeon-crawler RPG. Discover all kinds of different types of cats in Neko Atsume: Kitty Collector and become a master cat collector. Different characters have their own abilities, too, which can be fired-off mid-air. Samurai JackThree word review: Late 90s action Samurai Jack is reminiscent of the 3D platformers of a few console generations ago. It's fun to play and looks great, with visuals inspired by anime. Towers of EverlandThree word review: Eye of beholder Craft weapons, fight enemies and rebuild the Great City. Oh and wear goth make-up. Journey through the jungle and flye through the skies as you wield light that destroys a big ol' bunch of demons hell-bent on killing you. A License requires a Requirement. In this game you need to go on a quest to reach mystical mountain temples and battle it out with goblins, ghosts and other creatures. Bliss. OverlandThree word review: FTL Roadtrip Edition Aliens have invaded. Tiny Crossword+ brings you access to thousands of crosswords and a fresh one is introduced every day with a different theme. Play with friends for the most fun. MasterChef: Let's Cook. Scenes are beautiful and atmospheric as you jump and glide in-between mountains, over chasms and through villages. Alto's Odyssey: The Lost City Three word review: Endless runner game, you'll find Alto's Odyssey: The Lost City. Mystery to unwind. You fill in the right missing words, or swap them, to restore the original text. Search for hidden folks in a series of beautifully-drawn, miniature landscapes. Don't miss it. Where Cards FallThree word review: Arty-looking puzzler A stylish puzzler with emotional story sections between its levels. Build houses of cards to work your way through memories and navigate dreamlike puzzles. In each scene you'll see objects that appear to be disjointed, or floating in the air. You complete construction puzzles using, obviously, LEGO bricks. The visuals are fantastic and there's a great soundtrack to lull you into a creative flow state. LEGO Star Wars BattlesThree word review: Use the force!Set your hyperdrive to a galaxy far, far away and lead your favourite LEGO Star Wars characters in this multiplayer game with tower defense battle arenas inspired by different Star Wars locations. For more information on descriptions to digital works, see CC REL in the Creative Commons wiki. You play as Greta, a girl travelling through a fairy tale-like shadow puppet land. Dive into Beyond Blue and swim through the sea, chasing down giant whale sharks, dolphins and other ocean-dwellers. But what a central conceit. Tales of MemoThree word review: Chest infection Open up a chest. However, as new stations begin to open, you'll have to start redrawing the subway lines to keep them running efficiently. With this twinstick shooter you visit all kinds of haunted locations with a plasma blaster to rid them of ghosts. This is a classic-style, Mega Man-inspired action platformer with virtual gamepad controls if you choose to use the touchscreen. If your company has what it takes, you could reach the pinnacle of the gaming industry. Game of Thrones: Tale of CrowsThree word review: Build that wall Pretty much the polar opposite of Telltale's graphic adventure Game of Thrones, Tale of Crows sees you take on the role of the Night's Watch. Stellar CommandersThree word review: One-on-one war games This is a sci-fi strategy game, a one-on-one war games This is a sci-fi strategy game, a one-on-one war games This is a sci-fi strategy game, a one-on-one battle against another AI player. 3D first-person perspective. Learn news tricks and skills to become a master skateboarder while immersing yourself in the beautiful cities of LA, Barcelona and Miami. You shoot a ball into an arrangement of blocks you need to bash and hope for the best. The Lullaby of LifeThree word review: Musical adventure A puzzler-adventure that looks like a goofy kid's game, but has hidden depths. You play a courier dragged into a dramatic story. Think a classic adventure game with modern graphics. It's a top-down space shooter with twin stick controls. There are also rhythm game-adjacent sections where you drag your guitar across the screen to hit the right notes. It's a great one to try if the world is getting you down and you need a little zen restored. Pilgrims (Editor's Pick)(Image credit: Amanita Design)Three word review: Charming card adventure from the folks behind Machinarium. Apple Arcade hasn't been promoted nearly as much as Microsoft's Xbox Game Pass. Everyone else, keep moving, because this is, simply, backgammon with no bells and whistles or new elements to spice up the game. You start off with a pencil sketch and have to reinsert the full-colour pieces into place. Quirky as they come, and a great fit for both iPhone and iPad, you can finish Pilgrims in roughly an hour. This high flying manic side-scroller keeps you on edge by testing your reflexes against an endless amount of lasers and zappers that want to end your jetpack run. But, of course, the story isn't quite as simple as that. It's best played with a controller as, judging by our playthrough on iPad, the touch controls aren't great. ScrappersThree word review: Streets of Trash A garbage-themed side-scrolling beat 'em up in the vein of Streets of Rage, complete with a soundtrack that wouldn't seem out of place in that era. A ball travels along a line to pick up other objects. Mini Motorways takes the action above ground, and sees you drawing roads to connect a city. Blast your way through levels and upgrade your ship with new shields and weapons. Red ReignThree word review: Strategy made simple A mobilefriendly strategy game from Ninja Kiwi, the developer behind the hugely popular Bloons TD games. An adventure that truly feels made for the touchscreen. Temple Run Puzzle AdventureThree word review: Color matching adventureSuper popular Temple Run Puzzle AdventureSuper popular Bloons TD games. colour and shape matching puzzles. You tap to flap your wings, and have to manoeuvre to avoid obstacles, and pick-up collectables. Frenzic OvertimeThree word review: A puzzle frenzySolve hundreds of puzzles to conquer the 45 levels of Frenzic OvertimeThree word review. to knock them into the pigs within. But there are some more challenging puzzles here than in plenty of other walking sims. The College AtlasThree world, collecting pieces of images and words floating in the air to complete cod-philosophical collages in each area. But this game is interactive, too, so you need to unfurl tents, cut through bushes and poke crocodiles to find what you're looking for. Hitchhiker is a mystery Game and you must solve the unique puzzle of your own backstory. It's a relaxing play with a strong sense of visual style. Projection: First LightThree word review: Shadow puppet theatre A platformer with an eerie vibe and a story behind it. If you're up for a slower-paced, contemplative title, check this one out. NBA 2K22 on Apple Arcade EditionThree word review: Play some basketballLive out your basketballLive out your basketball dreams in NBA 2K22 on Apple Arcade. In arena mode, you can challenge other players online in a music trivia frenzy. Sonic Racing (Image credit: apple arcade) Three word review: Mario Kart-a-like A Mario Kart-style racer featuring Mario's old nemesis Sonic. You fire out your character into each colorful level and as you bust baddies, you reveal coins. Explore, fight and craft to ensure your survival in the gloomy wilderness and discover its secrets. Although the premise might sound simple, there are many different modes, difficulty levels and costumes to collect to keep gameplay fresh and fun. Takeshi makes games for fun. You set up surveillance cameras around Melmoth Forest to observe the movements of a gang of squirrels. Music also features in the puzzle-solving, as locks require different note combinations from the sounds you and companions you meet can make. The MosaicThree word review: Loneliness of crowds A dark and surreal adventure about the loneliness of cities. Or play solo with an AI companion. There are puzzles to crack and enemies to beat along the way.Punch PlanetThree word review: Sci-fi street fighter Punch Planet is a one-on-one fighting game in the vein of Street Fighter or Mortal Kombat. If you can play at once) then this is a must-try. Painty MobThree word review: Bizarre splosh-a-thon Run around splashing paint on everything within your reach. The tracks snake around like a rollercoaster, but there's little gravity to keep you stuck to them, so more than half the challenge is not flying off into oblivion. A related resource which describes additional permissions or alternative licenses for a Work which may be available. It's a good way to spend part of an evening. Populus RunThree word review: Follow the crowd This fairly new addition to the Apple Arcade library is an endless running game in which you must control a big ol' crowd of people. This gives it quite a different vibe to other RPGs on Apple Arcade. At times it's darkly funny and has a Romanian hip-hop soundtrack.Zen Pinball PartyThree word review: Virtual classic pinball Zen are experts at creating virtual pinball machines, and Pinball Party is no exception. You might find this game to be a bit rough around the edges, with some beautiful areas to explore. Ballistic BaseballThree word review: It's simply baseballA baseball game in your pocket, Ballistic Baseball is a casual game, but it's packed with animations that have some of the snappy, vivacious aesthetic of games like Team Fortress 2 and Fortnite, which give it a punchier feel. You send out expeditions and maintain the wall's defenses. But these requests come with many serious implications and deadly consequences that could put your reign and family at risk.Reigns: BeyondThree word review: Rockstars use Tinder The story: you are a rock band travelling to different planets to raise your profile through the galaxy. Instead, it's an easy-to-use and intuitive take on the board game classic that you can keep in your pocket. Badland+Three word review: Award-winning platformerAn atmospheric, sidescrolling platformer, Badland started life as a paid-for app and is now, thankfully, part of the Apple Arcade library. You can tell it's a console-grade game, not least because you can also buy Cat Quest II for PS4, Xbox One and Switch. Chameleon Run+Three word review: Color match auto-runnerFinding something new to do with the auto-runner genre on mobile isn't always easy, but Chameleon Run adds a cool twist. If it runs out, it's game over and you have to head back to the last checkpoint. Both are sync'd up to the game's soundtrack. Mini Metro+Three word review: Be efficient!In this award-winning game you must design a subway for a growing metropolitan city by drawing lines between stations. Fantasian is a classic JRPG with the same turn-based combat, but it comes with several quality of life improvements, like the 'Dimengeon Battle', which will send enemies to another dimension to streamline combat. Farm It!Three Word review: Upcoming slice-em-upIf you've ever dreamed of owning your own farm you're now one step closer. You wield a talking sword that can grow in length in Slash Quest!, and rather than controlling your character directly as such, you control which is jammed full of challenges to beat the most hazardous tracks in Detonation Racing.Discolored(Image credit: apple arcade)Three word review: Obtuse, surreal, engagingA first-person puzzles and explore the handdrawn anime art style of the Studio Ghibli movies, and throw in some Zelda exploration gameplay, and you've got Baldo. Down in BermudaThree word review: Charming isometric puzzlerIn this beautifully drawn game you take on the role of an aviator stranded in a time bubble. Marble Knights! This is a co-op adventure in which the main characters stand atop rolling marbles. But that's no bad thing. You play as one of the last Red Hook guardians and must use a fishing pole as a weapon and a grappling hook to face threats. It's a JRPG, but not the kind you may have played before, as it's made for shorter play sessions. Warp Drive is a futuristic racer where the cars hover and the environments fly past at 1000mph when you hit a warp boost. Recommended. It's a satisfying, if difficult, casual-style metro management sim. The cards look like they've been taken straight out of Magic the Gathering thanks to their fetching artwork. SpellTower+Three word review: Scrabble and TetrisCombine Scrabble and Tetris and you'll get SpellTower. You'll need to move your heroes on a grid based on their combat skills and you'll never get bored as there are over 100 narrative events. LEGO BrawlsThree word review: Super Smash Bros. It's fast and manic, and you get to upgrade your abilities between levels. Make friends with island natives that will help you on your quest.What the Golf? (Image credit: The Label)Three word review: Hilarious non-golf mania One of the few games those who have never used Apple Arcade may already know. Each puzzle helps the main character, adventurer, archaeologist and Temple Runner Scarlett Fox, overcome obstacles in her path and brings her closer to unlocking the secrets of ancient sites and temples. Tetris BeatThree word review: Block stacking and update and update brings her closer to unlocking the secrets of ancient sites and temples. Tetris you already know and love but with a thumping soundtrack of tunes from artists like Alison Wonderland, GARZA, Hannah Diamond and Octo Octa, which add a bassy rhythm to your block stacking and update every month. The story campaigns are a little short, but there are thousands of player creations to explore, and thanks to various in-game tools, you'll be able to create a narrative through the levels you make. World LacesThree word review: Simple word matchingMatch up letters and pairs of letters to make words that match the pictures in each scene. You have four essential elements that you can combine to create hundreds of new ones and make your world come alive. The story is co-written by Steven Universe creator Rebecca Sugar and even uses the series' voice actors. Various DaylifeThree word review: For JRPG fans This is one of the more specialist games on Apple Arcade at the time of writing. You might learn a tiny bit about how real-world cricket works, but it's gags and ridiculous cartoony physics that hold this game together, not cricketing. Crossy Road The original Cros across the screen, blending colours to complete levels. Tiny Crossword + Three word review: Upgrade your vocablf you often buy a newspaper just to crack the crossword in the back, this game is for you. Features, for some reason, players from the NBA, NFL and MLB, and others, as well as famous hockey stars. Unleash the Light(Image credit: apple arcade)Three word review: Steven Universe RPGIf you're a fan of the Steven Universe series, then Unleash the Light is the perfect Apple Arcade game for you. Grindstone looks a bit like Candy Crush but maps symbol-matching gameplay onto an adventure. It's certainly strange, but it kinda works. The Room Two+(Image credit: fireproof studios)Three word review: Creepy pocket puzzlerThe Room was an award-winning game and now its sequel, The Room Two+, brings all the best bits back for a new and mysterious escape room puzzle in your pocket. Dripping in character. Three word review: Traditional football, lads Sociable Soccer 2020 is a football game for people who like football. That's how you solve the different puzzles you'll encounter along the way. Cut ropes, avoid obstacles and use Newton's law of physics to complete puzzles with lots of obstacles and fun boosters, from magic hats to whoopee cushions, along the way. guessing the song. Fruit Ninja is even more fun now you can compete with your friends online to find out once and for all who has the best fruit-cutting skills. Game Dev Story+. But that same advice applies to every visual novel-style game. Neko Atsume: Kitty Collector+Three word review: For cat loversIf you love cats, this game is a must-have. The aim is to protect a spy as he goes about his sneaky business. Shantae and the Seven SirensThree word review: Lauded retro platforming This is the fifth game in the Shantae series, which is a boon for those who wish game companies had never stopped making the 16-bit platformers that stuffed shelves back in the 90s. Shinsekai into the Depths Three word review: Underwater Metroid and Castlevania games and slots them into a beautiful (if kinda creepy) underwater environment. ShockRodsThree word review: Flying car carnage Shockrods is a 3D action-packed car deathmatch game where the cars can launch into the air using the equivalent of a jetpack. We recommend using a pad if you can, though, as we found the touch controls tricky at times. Star FetchedThree word review: Visually distinctive platforming This game looks a little different to everything else on Apple Arcade. Set in 1984, two friends go on a rescue mission to find their dog, Moses. A must-download this one.Cozy GroveThree word review: Dark Animal CrossingImagine Nintendo's Animal Crossing, but on a haunted, ever-changing island filled with ghosts and spirits. Hire talented developers and train their skills to unlock more game genres and content to build into brilliant new games. This one's mechanics are even deeper. Monomals' vibrant game world and chip tune-inspired music are sure to put a smile on many faces. This is a fun and fast-paced cooking competition game. You can play each of the games on your own, but we prefer teaming up with friends.Bleak Sword (Editor's Pick)(Image credit: More8Bit)Three word review: 8-bit Dark SoulsDon't be put off by Bleak Sword's ultra-pixelated graphics because it looks great in motion. Gameplay is much as we remember; you have to direct your space mice across each level to avoid the space cats. It's colorful and fun with all kinds of 3D puzzles to solve. Clap Hanz Golf is an action-oriented take on the gentleman's sport, reminiscent of Everybody's Golf on the PlayStation. This game has an episodic structure, and the story was written by "professional film and TV writers", apparently. Mutazione (Editor's Pick)(Image credit: Die Gute Fabrik)Three word review: Definitely a growerDon't miss Mutazione if you play games for their stories and characters. As these encounters are randomly generated you could spend dozens of hours playing Overland. Over the AlpsThree word review: Alpine adventure This is a stylish narrative-led spy adventure in which you must stay undercover as you journey across 1939 Switzerland. Planets are split into Risk-like zones, which you must stay undercover as you journey across 1939 Switzerland. Survival build'em up You're stranded on a deserted island. Crossy Road Castle is completely different for lots of reasons. Classes Work a potentially copyright license, the public domain, information for distributors Jurisdiction the legal jurisdiction of a license Permission an action that may or may not be allowed or desired Requirement an action that may or may not be requested of you Prohibition something you may be asked not to do Reproduction making multiple copies Distribution, public display, and publicly performance Derivative Works distribution of derivative works Sharing permits commercial derivatives, but only non-commercial distribution Notice copyright and license notices be kept intact Attribution credit be given to copyright holder and/or author Source Code source code (the preferred form for making modifications) must be provided when exercising some rights granted by the license. While the fireworks are going off, you control your character by dragging across the screen to collect objects. But the emphasis on storytelling gives this game an unusual weight. It doesn't have the depth of a Zelda-a-like, but makes up for it in sheer cuteness. Sneaky SasquatchThree word review: Furry stealth antics Sneak around town as the hirsute mythical Sasquatch, raiding people's picnics for goodies. Combat is introduced later down the line, too. Sudoku but find it too complex or tedious. Your aim is to hunt down a thief who has stolen your gold. This game weaves a compelling story with gorgeous visuals, challenging puzzles. eerie audio and a super creepy atmosphere to delight fans of spooky stories. Alba: A Wildlife Adventure has some of the world-building charm of Zelda: Breath of the Wild, and a stronger environmental message. Each chapter unfolds in a 3D diorama and there are 7 new arcade mini games to play too. The Last Campfire(Image credit: Hello

Games)Three word review: Mournful but magical There's a soulful loneliness to The Last Campfire that gives its shadowed world a sense of magic. Your control consists of operating your DSLR camera, to take pictures of UFOs and other phenomena to send to the "fake news media". If you're sick of mindless games that only require you to tap the screen, this is a refreshing change that'll get you thinking and improve your vocab while you're at it. Tiny Wings+(Image credit: Apple Arcade)Three word review: Learn to flyYou're at it, Silly chaotic fun. Simon's Cat - Story TimeThree word review: Cats and puzzlesHelp Simon and his cat in this matching puzzle game. Don't come expecting the most involved, advanced gameplay, but if you want an engaging, well-told story it is well worth trying. It's not action-packed, but that's not the idea. Gear. Club StradaleThree word review: Drive beautiful supercarsIt's time to head to Tuscany and whizz around in some of the world's most stunning locations. Guide chibi-like golfers around a control scheme well-suited to mobile play. Offers around a control scheme well-suited to mobile play. escape brings you one step closer to a way back home. Dread Nautical Three word review: Pint-sized X-ComA tactical, turn-based RPG. Thanks to the magical, gorgeous visuals and smart puzzles you encounter on your journey through a dark and eerie forest, this one has become a mobile Game of the Year winner. Badland Party (coming soon) Three word review: Atmospheric side scrollerThis game takes all of the best bits of award-winning Badland and adds loads of new characters, and allows friends to play together in local and online multiplayer modes. Rooms are constantly changing, as well as enemies and bosses, so no two attempts are the same. ExplottensThree word review: Aerial cat carnageCats in planes shooting guns all day long. Help him to journey through 24 puzzle and strategy levels with the help of magical weapons and shields. While there's no blood. GuildlingsThree word review: Roleplay meets novel This is a quirky RPG that's also part visual novel. Underneath the candy-colored dressing sits a compulsive, card-based dungeon crawler. You'll still get to recreate scenes from the movies and, of course, wield a lightsaber, if you like.Leo's Fortune+Three word review: Roll to goldPlay as Leo, a green furball with a moustache, in this award-winning platform adventure game. This is a beautifully drawn adventure. Want to take the game even more seriously? The game's goal is to keep moving, sliding and flying before the night rolls in behind you. It has a much wider appeal than that. A 30-second timer sits at the top of the screen. That's not the perfect execution of the frogger formula, where you hop through environments to avoid dangers. Fruit Ninja, returns. You play as a boy who wakes from a coma to find the world has changed. So if you like football, give it a go. It isn't the simplest to get to grips with, so this one is probably best experienced on an iPad. Detonation RacingThree word review: Explosions galoreRace and drift around a track rigged with explosives and wrecking balls. Not only is it a relaxing experience, but it's lovely to look at with bags of style and dreamy colors. ATONE: Heart of the Elder Tree Three word review: Dark music RPGThis moody isometric adventure game is an RPG, but other than that it defies genre. Each world is stunningly designed and could be a work of art in its own right. Even if you manage to fight them off the first time, different difficulty modes means enemies will always be a challenge.King's League II(Image credit: apple arcade)Three word review: Big-headed battler Train a team of giant-headed warriors to take into battle. For those who want games with some story and meaning rather than anything upbeat or fast-paced. The Oregon TrailThree word review: It's adventure timeBased on a series of educational games, this version is designed for Apple Arcade. Collect and level up different cards to build a squad that fits your playstyle to become the best player in the game. Three word review: X-Files lite This is an excellent twist on the classic board game, which is a fun challenge for chess-lovers and anyone interested in strategy games.Redout: Space AssaultThree word review: Beautiful bogey blaster A pretty 3D space shooter. The one bit that is golfy: you flick back on the screen to choose your swing strength. Your mission is to deliver sweet treats to Om Nom, the little green monster with a candy addiction.Dead End JobThree word review: Cartoon twin-stick mayhemGet ready to fulfil all your ghost-busting fantasies. With play time of around three hours this is just the kind of game we want to see on Apple Arcade form. Tangle Tower(Image credit: apple arcade)Three word review: A knotty mysteryPut together clues and solve puzzles to untangle the knots in this murder mystery story. It's a great-looking game with more than 50 different puzzler Use different moves and gestures to manipulate and turn the globes of Winding Worlds' levels. The "Release" play mode offers the more traditional shoot 'em up play style. Colors are added to this game, which the creators believe will better train your brain to spot number patterns and inject more fun into the Sudoku. But act fast, if letters make it to the top row, the game is over. Sp!ngThree word review: Keep on swingingSwing, swing and swing some more in this one-button, calming puzzle game. Chess Play and Learn+ boasts the "world's largest online chess community", offering online play, speedy 'Bullet' timed games and adaptive AI players who become more (or less) skillful depending on your in-game performance. ChuChu Rocket! Universe(Image credit: apple arcade/apple app store) Three word review: Retro game revivalThe original ChuChu Rocket! made its debut on Dreamcast way back in 1999. Check. You need to avoid dangers, like black holes and other space anomalies, and there are special events where you can win special prizes and skins. Murder Mystery MachineThree word review: Whodunnit? A crime-solving adventure in which you play a detective who has to interview suspects. In this side scrolling arcade shoot-em-up you have to dart around each level constantly to avoid enemy fire. A rope then pulls you back to the start (that's the harpooner bit) when your net deploys to grab the cash. Beyond a Steel Sky (Editor's Pick)(Image credit: Revolution Software)Three word review: Point 'n' clickGaming veterans take note. It's a lovely game, brought together by a rather wonderful voice over narration and affecting score. Lifeslide isn't a true exploration game as you effectively fly downhill through a wide corridor, but sink into it and you'll feel your heart rate dropping as you relax. Little Orpheus(Image credit: apple arcade)Three word review: High production valuesAn adventure puzzle-platformer from The Chinese Room, makers of games like Everybody's Gone to the Rapture and Death Esther, Little Orpheus aims for madcap rather than meaningful. If you manage to stick to the beat, you can ramp up your score, but you can also select Marathon mode to pick your own music for a more classic Tetris experience. The Bradwell ConspiracyThree word review: Puzzling walking sim The Bradwell Conspiracy is a walking sim on the face of it. You can also complete and unlock new recipes, mini-games and challenges along the way. Mind Symphony (Image credit: apple arcade) Three word review: Stress versus calm Vertical shooters like Mind Symphony are usually high-stress experiences in which you constantly move to avoid enemy fire. Why not dabble in both Oceanhorns to see which suits?Oddmar+Three word review: Beautiful viking adventureIn this colorful and great-looking game you play as Oddmar, a viking who goes on a mission to prove himself. Inks.+ features 100 different pinball tables to play on and there's an online scoreboard to share your high scores. INMOST (Editor's Pick) (Image credit: Hidden Layer Games) Three word review: Spellbinding "A moving story of loss and hope" wound into a good-looking puzzle platformer. There's certainly more to explore, and a willingness to do so is key to enjoying this singular title. The aim is to take down the tower as soon as possible. SpongeBob: Patty Pursuit doesn't re-write the rulebook. It's a super sticky game for anyone with a soft spot for number puzzles who doesn't want anything too taxing on the brain. Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigh-energy, fast-paced and set to a booming soundtrack, Thumper: Pocket EditionThree word review: Neon space racingHigher and the space racingHigher and review: Real-time Hitman Go Operator 41 is a stealth game with levels broken up into a grid. It comes from the makers of Machinarium, which is no surprise given Creaks' graphical style. Cricket Through the Ages (Editor's Pick)(Image credit: Free Lives)Three word review: Pure physics insanityFirst things first: don't approach Cricket Through the Ages expecting a traditional cricket game. Its developer calls Mutazione a "mutant soap opera", but forget all the negative associations you may have with that term.
